Full Paint Units

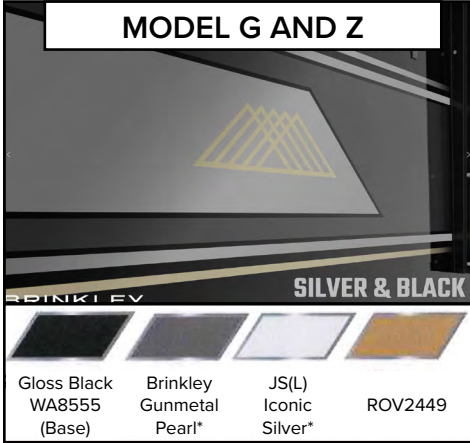

The optional full body paint finish on Brinkley RVs is a state-of-the-art base coat/clear coat system designed to deliver years of beauty and protection. Should paint repair be necessary, refer to the specifications below for the proper paint codes to use. Only Sikkens Automotive Paint should be used. NOTE: Colors with * next to them are custom colors and have no paint code. Refer to the cards at the bottom for the factory color formulations.
